## GIRL UPON RETURN HAS STARTLING STORY TO TELL

Says She Was Abducted by Two Unknown Men.

### LOOKING FOR CRIMINALS

Said to Have Thrown Girl From Buggy to Make Good Escape.

Sadie Forsythe, the Roscoe girl who yesterday morning disappeared from her home, and for whom citizens of Roscoe were hunting all day long, returned home at about three o'clock in the afternoon by way of the street car from Allenport. Miss Forsythe has a strange story to tell in which she implicates two men as abductors. When talked to last night she seemed much frightened and excited over the affair.

According to Miss Forsythe's story, between 4 and 5 o'clock Friday morning, she was awakened by a man under her window. She made known that she was there, and a voice called to her, saying, "Sadie come down here. Ealy wants to see you." As is known from the article printed in yesterday's Mail, William Ealy was the girl's fiance, and was to have married her today, so naturally the girl accepted the invitation. She went to the front porch, and had hardly gained the outside of the door, when she was seized, ragged and carried to a buggy on the road. She fought and made an attempt to scream but was prevented. At the buggy another man. Then, according to her story, the buggy started off and she did not know anything until she came to a road near Vesta, about two miles and a half away. She started to walk home, and went to Allenport, where she took the car. Her home-coming was greeted with joy by all the citizens of Allenport, and a crowd surrounded the home on the girl's experience had been told. A search was made for the men, Miss Forsythe having said that she would recognize them if she saw them again.

It was learned later that the men had during the morning passed some one on the road, and to make their escape had thrown the girl from the buggy. Where they intended to take her, or what they intended to do with her, is a question. Apparently today the girl is in as good health as ever, but she is nevertheless, it is stated, under a physician's care. The wedding, it is understood, has been postponed for a time, until the effects of the shock have passed away. Efforts are being made to locate the two men who are supposed to have taken Miss Forsythe away. By some it was believed that the girl had been walking in her sleep and dreamed concerning the abduction, but this is hardly credited.

### Broke Quarantine.

Burgess Risbeck this morning placed a small fire on an Italian residing at 321 Fallowfield avenue, the charge having been preferred by Health Officer Darby. It was alleged that the man had allowed his wife, who was attending a diphtheria patient, to go from the house, thus breaking quarantine.

Mrs. Dawson has purchased the stock of Mrs. Carroll, 403 McKean, and is closing out hats at unheard of low prices.

## REV. BOBLITT AT ELDORA PARK SUNDAY

Rev. H. C. Boblitt, pastor of the First Christian church, will preach the second of his out-door sermons at Eldora Park tomorrow at 3 o'clock. His subject is "The Dead Iron Devil." Special music by a choir of 20 voices, assisted by an orchestra of 10 pieces, will be a feature. Last Sunday when Rev. Boblitt delivered his first sermon at the park, one of the largest crowds ever in attendance at a religious service there was present. The audience was composed of between 600 and 700 people, all of whom listened attentively to the sermon. A big attendance is expected at the park tomorrow.

## FIVE MINES CLOSED DOWN THIS WEEK

Two Thousand Acres have been Mined out in Year and Half.

Within the past two weeks the Monongahela River Consolidated Coal and Coke Co. has closed down five of its mines in the Fourth pool—the Fayette City, Knob, Chamouni, Albany and Eclipse mines—among them one or two of the largest in the pool. This company is the largest shipper on the Monongahela with the possible exception of the Jones and Laughlin interests, which use all their own coal. The Globe mine, below Coal Center, an auxiliary mine of the Jones and Laughlin people, started up Thursday after an idleness of some time.

In the year and a half ending July there was shipped from the fourth pool the enormous amount of 662,950,000 bushels of coal. At 7 cents a bushel this would represent an actual market value of over \$32,000,000. It is estimated that an acre of coal will produce 8,000 tons of run of mine coal, which means that in these 18 months 2,000 acres of coal were mined within a radius of only a few miles. At this rate it will not require many years to exhaust the field.

It may be interesting to know that 463,000,000 bushels of coal are equivalent to something like 13,000,000 tons. The average steel railroad car will hold 40 tons, so that this immense tonnage would fill 450,000 cars, or over 6,000 full trains, extending in a straight line for over 3,400 miles. Some of the largest mines in the Fourth pool, Vesta No. 4 of the Jones and Laughlin, people at California, for example, have recently been so enlarged and equipped that they will mine and load an acre of coal a day. This is one of the reasons why there is such a scramble for coal lands.

### First Communion Class.

At high mass at 8 o'clock Sunday morning, at St. Jerome's Catholic church, 67 children will take their first communion. This is an unusually large class.

## MERCHANTS PICNIC WILL BE HELD AT ELDORA PARK WEDNESDAY, JULY 28

Various Committees Appointed to Arrange for the Affair—Stores to be Closed.

Preliminary arrangements were made at the meeting last night of the Merchants Association for the annual merchants picnic. This will be held at Eldora Park on July 28. The various committees were appointed to arrange for the affair as follows.

Refreshments—J. B. Schafer, G. T. Barger, J. M. Fleming, George D. Clark, Daniel Gotthold. Sports—W. C. Clark, George S. Might, G. W. Weltner, George Vetter, L. Greenberg. Transportation—William Kirk, J. W. Carroll, L. Beigel.

Reception—George S. Might, C. Umbel, Frank McClure, L. R. Bedsworth, J. D. Berryman, Frank Riva, L. Collins, S. L. Woodward, George Wagner, George Bailey.

The stores will be closed on the date of the picnic, and it will be observed as a holiday in Charleroi. The merchants picnic is always an affair of unusual interest, and this year's will be no exception if the plans are carried out. The sports committee will go to work at once to arrange a program for the day. In all probability the athletic events will be practically the same as last year.

### A Correction.

In the article yesterday concerning the passing of forged checks on Charleroi merchants the first of the week by a Pittsburg, the Mail was in error when it stated the checks were drawn on the Bank of Charleroi. They were drawn on the Charleroi Savings and Trust company, where the forgery was discovered, after one of the checks had been deposited in the Bank of Charleroi.

Misses Grace and Nevada Iams, teachers in the Charleroi schools last year, are sojourning in California at the present time.

## MERCHANTS APPOINT COMMITTEE TO LOOK UP VALLEY FAIR BUSINESS

Will Confer with Committee from Baseball Men in Regards to Holding of Affair Here.

The matter of a Valley Fair, which a committee of the guarantors of the defunct baseball team propose to hold, was taken up by the Merchants Association at their meeting last night and committee appointed to confer with the one from the Charleroi Athletic Association in regard to arranging a date, and also one for a meeting of the citizens of the town. The plans as outlined are to allow the merchants and local people have all concessions, the benefits to go towards settling the debt accrued by the Baseball association. Entertainments will be brought here after the manner of a street fair, but these will be of a higher

and better order. The affair will in no wise resemble the cheap carnivals which invade the valley towns during the summer. The committee appointed consists of the following men: William Kirk, L. Beigel, George J. Vetter, J. W. Carroll and N. Greenberg. The report of the committee from the Merchants Association for the playground, known as the Playgrounds Auxiliary, was heard. It was to the effect that everything was in good shape, and that the grounds will be carefully equipped in a week or ten days. J. B. Schafer is the president of this auxiliary and William Kirk is secretary and treasurer.

### SEVENTY-EIGHT CASES FOR CRIMINAL COURT

There are 78 cases on the August term criminal court docket. In 24 cases the defendants have entered pleas of guilty and received sentences. Most of the cases are of a petty nature.

There is one homicide case on the list, that of Tony Gula, charged with the murder of Frank Rossa, at Monongahela on May 1. The case was placed on the May term calendar, but was continued to the August term.

## DEDICATION OF CHURCH AT MONESSEN

Charleroi People will Assist in Services to be Held Sunday.

The new and handsome church of the Christian congregation of Monessen will be dedicated on Sunday. The building has been in the course of erection for some months, and had only recently been finished. It is on Sixth street between Donner and Schoonmaker avenues. The morning and evening services will be by Rev. T. E. Cramblett, president of Bethany college. The morning service will not be much out of the ordinary. The afternoon service will be given over to visiting ministers. For this the choir of the Charleroi Christian church is in charge of the music. Short addresses will be made by visiting ministers.

Music will be a special feature at the evening exercises. This service will witness the dedication proper, edifice to the congregation. The acceptance will be by the pastor, Rev. Norman Phillips.

Rev. H. C. Boblitt of the Charleroi Christian church will assist in the afternoon and evening services.

## BOOM FOR PLACE ON RIVERS COMMITTEE

A dispatch from Washington says that as the time for the meeting of the committees for the House approaches pressure is being brought to bear upon Speaker Cannon to name a representative from Western Pennsylvania as a member of the rivers and harbors committee to take the place of former Representative E. F. Acheson. The names of Representatives Graham, Cooper and Tener are being laid before the speaker for the vacancy on the committee.

The friends of Mr. Tener are urging his candidacy on the grounds that it belongs to this particular district.

Rev. and Mrs. A. M. Doak and children have returned from a two weeks' visit at Franklin Springs, Beaver county with the former's parents.

George S. Might Underbids Pittsburg Man for School Material.

### TEACHER FOR HIGH SCHOOL

One Vacancy Filled at Directors Meeting Last Night—New Copy Books.

The contract for supplies for the coming year of the public schools was awarded to George S. Might, at the regular adjourned meeting of the Charleroi school board last night. The only other bidder was Johnson and company of Pittsburg. There was little difference in the bids, Mr. Might having but a slight advantage. Miss Mary Walters of Meadville was elected to the position of teacher in the High School. The matter of the election of the Fifth street principal was not even discussed. While there have been several applicants for the position, none were suitable, and the board accordingly has not acted on the matter. It is probable that some time in the near future the vacancy will be filled.

Hilton's arithmetics were selected for use in the grades, and the Economic system of penmanship was chosen. This system is an improvement over the old system. With this there are no copy books, but a card, to which there are attached small strips of paper bearing the various copies that are used. In pockets in the board the blank and used paper may be placed.

## DEMOCRATS WANT BASEBALL GAME

A special from Washington D. C. to the Pittsburg Gazette Times today says that having been worsted in the tariff game by a score of 178 to 151, the Democrats immediately demanded satisfaction on the ball field. The challenge was at once accepted and this historic struggle for baseball supremacy between the two great parties will take place Monday at the American League park. One of the specifications is that all "insurgents" will be excluded. Only straight Democrats and Republicans will be entitled to don uniforms and the issue will be clearly drawn.

In making arrangements for the contest, Speaker Cannon announced Representatives Tener of Pennsylvania and Denby of Michigan as the Republican battery. The Democrats, true to their traditions, have filed an objection to Tener, on the grounds of professionalism. The big six-footer from Pennsylvania was a member of "Pop" Anson's globe trotters, and if he so desired could sign with almost any major league team in the country.

### Juvenile Court Report.

The following is the juvenile court report for the month of June: Number of cases under the care of the court on June 1, 309; new cases, 7; placed on report, 77; closed cases on July 1, 306; court hearings, 2; number of children in court, 9; cases out of court, 1; calls made, 66; calls received, 99; reports received, 101; letters written, 40; cared for in detention room, 5.

## Easy to Show.

The members of the Monessen coun-  
cil are evidently from Missouri. Last  
Sunday one of the local ministers  
made the startling statement that at  
least fifty disorderly houses existed  
in the town, and council has taken  
action which will result in the mem-  
bers being shown whether or not the  
statement is true. A member has  
been appointed to investigate each  
ward and report.  
It will not be a hard matter for the  
councilmen to be "shown." If such  
a condition really exists as the clergy-  
man asserts, the police of the town  
are well aware of it. More than that  
they know whether the laws are being  
violated habitually or observed, and  
who are responsible for the laxness  
if any exists. The police of any town  
usually enforce the law to the extent  
to which they are directed by their  
superiors. If the policy of a town is  
"wide open" it is not the police who  
are to blame; it is those higher up.  
If the Monessen councilmen want to  
really know the condition of their  
town let them exact the truth from  
their police and sustain the latter in  
learning and telling the truth. They  
can easily be "shown."

## Read the Agreement.

As a number of citizens have ex-  
pressed their intention of being pres-  
ent at the council meeting next Tues-  
day night when the agreement be-  
tween the Water company comes up  
for final adjustment, it would be well  
for these citizens to call at the coun-  
cil chambers before-hand and care-  
fully read over the agreement, which  
has been drawn up by the attorneys  
for the signatures of both parties.  
Then they will have time to study  
over the propositions and their various  
applications, and not be compelled to  
pass snap judgment on the same.  
Every provision in the agreement  
has been carefully considered by the  
councilmanic committee, and the  
instrument is the result of good legal  
advice. There are a number of con-  
ditions governing the operation of  
water companies which, while not  
conductive to the best interests of  
consumers, are entrenched behind  
State laws. It is some of these con-  
ditions for which council is perhaps  
criticized most sharply, and when  
these are explained and made known  
honest inquirers will find that council  
has made a remarkably good bargain  
in behalf of the borough.

By all means attend the meeting  
Tuesday night, but first read over the  
agreement carefully, and get all the  
possible information concerning it be-  
fore it is too late to pass opinion upon  
its merits.

## Starts Right.

Donora and Webster have organized  
a Commercial club whose avowed

intentions are to promote specific  
interests relating to the material well-  
being of those two towns. The inter-  
ests, which are specified, relate to  
roads, trolley connections, a public  
fountain, and better postal facilities.  
In specifying their line of work  
the members who compose this club  
start right. They have a definite ob-  
ject to attain, and until it is accom-  
plished the course of action is at all  
times outlined. The reason that nearly  
every chamber of commerce or board  
of trade organized in a country town  
fails of its purpose, is because it is  
too indefinite in its scope. It starts  
out with the whole community as  
members and the intention of accom-  
plishing everything, and in the end  
accomplishes nothing. A small  
association of leading business men  
organized for a specific purpose will  
accomplish infinitely more in a civic  
way than a general board of trade.  
As soon as one public object is  
attained another can be taken up, and  
in this way good civic work is accom-  
plished.

## Electric Sparks

Roscoe people have sort of a funny  
way of doing things. If a Charleroi  
girl had been kidnapped or just simply  
"folded her tent and silently stole  
away," she would have put more  
sensation into the job than that.

Anything anybody else has, Char-  
leroi is bound to get. Take for instance  
the forger, who made his appearance  
here the past few days.

Evidently Washington county knows  
how to get things in the tariff bill.  
Anyhow efforts were to some avail.

Rev. H. O. McDonald of Monessen  
should employ a newspaper man or  
two when he goes out to investigate  
conditions in the slums. He would  
have more success then.

A man who has a fight and then  
tries to keep the one with whom he is  
fighting from getting arrested, is only  
served right when he is pinched him-  
self.

Somebody said field day, and it was  
on—just couldn't keep us from having  
one.

At the regular weekly shoot of the  
Charleroi Gun Club Thursday evening  
the following scores were made:  
Dougherty broke 67 out of 75.  
Gween broke 60 out of 75.  
Schuyler broke 59 out of 75.  
Patterson broke 58 out of 75.  
Stevens broke 53 out of 75.  
Hepler broke 33 out of 50.  
Emerick broke 34 out of 50.  
Sharpnack broke 23 out of 50.  
Dougherty had a run of 40 straight.  
This is the largest run made on the  
home grounds for some time. Emer-  
ick and Hepler were both shooting  
well. Gween and Schuyler were a tie  
on their first 50 birds, but Gween  
broke 23 out of his last 25 while  
Schuyler only broke 22.

## California.

With no public observance for the  
Fourth California was exceedingly  
quiet on that day. Many people went  
out of town to celebrate the holiday,  
and outside of a few drunks there was  
no disorder.

An air of desolation pervaded the  
Normal school grounds. The most of  
the faculty are away on vacations,  
and there is little doing about the  
grounds.

Wm. C. Johnston of Gibsonton has  
purchased the jewelry store of Fred  
C. Blair and will continue the busi-  
ness at the old stand.

The thirteenth semi-annual dividend  
was paid by the Union Telephone com-  
pany Wednesday. It was for 3 1-2  
per cent.

Dr. A. B. Linhart, the dentist, has  
moved into handsomely appointed of-  
fices over Piper's drug store.

The insurance adjusters are still at  
work on the ruins of the recent Third  
avenue fire. The stock of A. B.  
Ward and Co. is being boxed prepara-  
tory to its shipment to New York,  
having been purchased outright by a  
salvage company. Settlements in a  
few of the other cases have been  
made, but there is still much to do.

The English school for adult for-  
eigners started Wednesday evening in  
the Republican school house with an  
enrollment of 37 and an attendance  
of 17.

## Costs on Prosecutor.

At a hearing before Justice Rice  
last evening Health Officer Darby was  
discharged from the charge of disor-  
derly conduct, preferred by Dr. H.  
R. Carothers. The case was from a  
quarantine which Mr. Darby was  
trying to enforce at 321 Fallowfield  
where a diphtheria patient was being  
attended by Dr. Carothers. The  
costs were placed on the latter.

# HE WANTS THE WORLD TO KNOW

## Good Reports are Coming in From Every Direction.

Many people of Charleroi and vicini-  
ty are greatly interested in the new  
remedy, Root Juice, that is now being  
demonstrated in Piper Bros. drug  
store. It is certainly a great medi-  
cine if one can judge by the reports  
that are coming from every direction.  
A number of local people are claim-  
ing that the first dose of the juice  
made them feel better. During the  
past few months the remedy has made  
scores of remarkable cures in many  
sections of the State and created con-  
siderable excitement. Numerous testi-  
monials similar to the following are  
being received almost daily: "I  
write this for publication with the  
hope that it will influence those who  
suffer as I did to try the great medi-  
cine that cured me. The wonderful  
Root Juice medicine has done so much  
good for me that I feel it my duty to  
publish it to the world, but thanks to  
Root Juice I am now free from every  
ache and pain. I, like many others,  
was very skeptical when the papers  
first told of the many hundreds of  
cures the remedy was making. When  
the scientist was invited to come here  
I thought he would be unable to prove  
all that was claimed for the medicine.  
However, I was soon convinced, as it  
did wonders for several of my neigh-  
bors. At the time I felt that every  
organ of my body was nearly worn  
out. My liver was torpid, my kid-  
neys were weak and my stomach was  
in a horrible condition; at times it  
felt like it had rocks in it, a great  
deal of gas formed and I bloated fear-  
fully. I had dizzy weak spells fre-  
quently and was badly constipated.  
My appetite was very poor and even  
in hot weather my hands and feet  
were often cold. I was using some  
kind of medicine most of the time  
without much benefit, but after using  
Root Juice a few days I began to im-  
prove. I have used hardly six bot-  
tles, but am feeling better than I  
have for twenty years and firmly be-  
lieve that I am permanently cured."  
O. H. Cummings, R. D. No. 4, La-  
fayette, Ind. The people at Piper  
Bros. drug store are very pleasant in  
giving information in relation to the  
remedy. It is sold for \$1 a bottle or  
three bottles for \$2.50.

## WHEN HER BACK ACHES

## A Woman Finds All Her Energy and Ambition Slipping Away

Charleroi women know how the  
aches and pains that come when the  
kidneys fail make life a burden.  
Backache, hip pains, headache, dizzy  
spells, distressing urinary troubles,  
all tell of sick kidneys and warn you  
of the stealthy approach of diabetes,  
dropsy and Bright's disease. Doan's  
Kidney Pills permanently cure all these  
disorders. Here's proof of it in a  
Charleroi woman's words:  
"Miss N. K. McDevitt, 333 Lincoln  
Ave., Charleroi, Pa., says: 'I was  
in such a serious condition as a result  
of kidney disease that I was unable to  
get around. I suffered severely from  
pains in my back and severe head-  
aches. I had a constant feeling of  
depression and was unable to sleep  
well. A friend advised me to try  
Doan's Kidney Pills and I procured  
a box at Piper Bros. drug store.  
From my experience with this remedy,  
I feel that I cannot praise it too  
highly. Doan's Kidney Pills lived up  
to representations in every way and  
gave me prompt relief from my suffer-  
ing.'"

For sale by all dealers. Price 50  
cents. Foster-Milburn Co., Buffalo,  
New York, sole agents for the United  
States.

Remember the name—Doan's—and  
take no other.

## Committee to Meet.

10 o'clock a. m. by the different com-  
mittees connected with the Elks and  
Eagles ball game and field meet next  
Wednesday evening. All interested  
are urged to attend this meeting.

Adolph Beigel of the Sample Shoe store leaves this evening for New York and Boston on a business trip. Mr. Beigel will also visit Philadelphia and other Eastern cities before his return.

Roy Lutes left this afternoon for Pittsburgh where he will spend Sunday.

Miss Edna Bayne of Waynesburg is spending a few days in Charleroi, the guest of her father, R. W. Bayne.

Mrs. R. A. Roberts left this morning for Pittsburgh, where she will spend a few days with friends.

Miss Emma Reeves, of Fordyce, Greene county, arrived this morning for a visit with Mrs. F. M. Chalfant of Washington avenue, and Mr. and Mrs. J. L. Reeves, of Fallowfield avenue.

Miss Erma Holyfield of McKean avenue left this morning for Niagara Falls, where she will spend the summer with friends. She was accompanied to Pittsburgh by her sister, Miss Lorraine Holyfield.

Now He Kept His Word. Among a large shooting party on a northern grouse cover was a certain elderly professor whose skill with his gun was hardly equal to the profundity of his intellect. Suddenly a heavy storm of rain came on, and as there was no shelter on the moor the shooters got thoroughly drenched through. At least, all but one suffered—the professor. He had mysteriously disappeared when the rain came on, and he did not rejoin the party until the sun was shining once more. To the amazement of the others the erudite one was as dry as a bone. The others, drenched and disgusted, inquired of him how it was he had escaped a wetting. "Directly the rain came on," replied the professor, "I went off by myself, stripped off my clothing and sat on them until the storm was over."—London Telegraph.

### Big Changes For Bunch.

There promises to be great activity in the neighborhood of Babols just below Monongahela, and across the river, during the present summer. It is said the Pittsburgh and Lake Erie railroad company will begin next week on the work of straightening their tracks at that point, with a view of making a change of location of the road bed through the Wallace farm, now owned by the Steel Corporation. The change will require about seven acres of land, which will be taken from the Peterson holdings, and to indemnify whom the railroad company has already filed a bond of \$70,000 to protect them from any damages.

## GIRL UPON RETURN HAS STARTLING STORY TO TELL

Says She Was Abducted by Two Unknown Men.

### LOOKING FOR CRIMINALS

Said to Have Thrown Girl From Buggy to Make Good Escape.

Sadie Forsythe, the Roscoe girl who yesterday morning disappeared from her home, and for whom citizens of Roscoe were hunting all day long, returned home at about three o'clock in the afternoon by way of the street car from Allentown. Miss Forsythe has a strange story to tell in which she implicates two men as abductors. When talked to last night she seemed much frightened and excited over the affair.

According to Miss Forsythe's story, between 4 and 5 o'clock Friday morning, she was awakened by a man under her window. She made known that she was there, and a voice called to her, saying, "Sadie come down here. Ealy wants to see you." As is known from the article printed in yesterday's Mail, William Ealy was the girl's fiance, and was to have married her today, so naturally the girl accepted the invitation. She went to the front porch, and had hardly gained the outside of the door, when she was seized, gagged and carried to a buggy on the road. She fought and made an attempt to scream, but was prevented. At the buggy was another man. Then, according to Miss Forsythe, the driver, who did not know anything until she came to on a road near Vesta, about two miles and a half away. She started to walk home, and went to Allentown, where she took the car.

Her home-coming was greeted with joy by all the citizens of Allentown, and a crowd surrounded the home until the girl's experience had been told. A search was made for the men, Miss Forsythe having said that she would recognize them if she saw them again.

It was learned later that the men had during the morning passed some one on the road, and to make their escape had thrown the girl from the buggy. Where they intended to take her, or what they intended to do with her, is a question. Apparently today the girl is in as good health as ever, but she is nevertheless, it is stated, under a physician's care. The wedding, it is understood, has been postponed for a time, until the effects of the shock have passed away.

Efforts are being made to locate the two men who are supposed to have taken Miss Forsythe away. By some it was believed that the girl had been walking in her sleep and dreamed concerning the abduction, but this is hardly credited.

### Broke Quarantine.

Burgess Risbeck this morning placed a small fire on an Italian residing at 521 Fallowfield avenue, the charge having been preferred by Health Officer Darby. It was alleged that the man had allowed his wife, who was attending a diphtheria patient, to go from the house, thus breaking quarantine.

Mrs. Dawson has purchased the stock of Mrs. Carroll, 303 McKean, and is closing out hats at unheard of low prices.

## REV. BOBLITT AT ELDORA PARK SUNDAY

Rev. H. C. Boblitt, pastor of the First Christian church, will preach the second of his out-door sermons at Eldora Park tomorrow at 3 o'clock. His subject is "The Dead Iron Devil." Special music by a choir of 20 voices, assisted by an orchestra of 10 pieces, will be a feature.

Last Sunday when Rev. Boblitt delivered his first sermon at the park, one of the largest crowds ever in attendance at a religious service there was present. The audience was composed of between 600 and 700 people, all of whom listened attentively to the sermon. A big attendance is expected at the park tomorrow.

## FIVE MINES CLOSED DOWN THIS WEEK

Two Thousand Acres have been Mined out in Year and Half.

Within the past two weeks the Monongahela River Consolidated Coal and Coke Co. has closed down five of its mines in the Fourth pool—the Fayette City, Knob, Chanouni, Albany and Eclipse mines—among them one or two of the largest in the pool. This company is the largest snipper on the Monongahela with the possible exception of the Jones and Laughlin interests, which use all their own coal. The Globe mine, below Coal Center, an auxiliary mine of the Jones and Laughlin people, started up Thursday after an idleness of some time.

In the year and a half ending July there was shipped from the fourth pool the enormous amount of 662,550,000 bushels of coal. At 7 cents a bushel this would represent an actual market value of over \$22,000,000. It is estimated that an acre of coal will produce 8,000 tons of run of mine coal, which means that in these 18 months 2,000 acres of coal were mined within a radius of only a few miles. At this rate it will not require many years to exhaust the field.

It may be interesting to know that 463,000,000 bushels of coal are equivalent to something like 13,000,000 tons. The average steel railroad car will hold 40 tons, so that this immense tonnage would fill 450,000 cars, or over 6,000 full trains, extending in a straight line for over 3,400 miles. Some of the largest mines in the Fourth pool, Vesta No. 4 of the Jones and Laughlin people at California, for example, have recently been so enlarged and equipped that they will mine and load an acre of coal a day. This is one of the reasons why there is such a scramble for coal lands.

### First Communion Class.

At high mass at 8 o'clock Sunday morning, at St. Jerome's Catholic church, 67 children will take their first communion. This is an unusually large class.

## MERCHANTS PICNIC WILL BE HELD AT ELDORA PARK WEDNESDAY, JULY 28

Various Committees Appointed to Arrange for the Affair—Stores to be Closed.

Preliminary arrangements were made at the meeting last night of the Merchants Association for the annual merchants picnic. This will be held at Eldora Park on July 28. The various committees were appointed to arrange for the affair as follows.

Refreshments—J. B. Schaefer, G. T. Barger, J. M. Fleming, George D. Clark, Daniel Gottheld.

Sports—W. C. Clark, George S. Might, G. W. Weltner, George Vetter, L. Greenberg.

Transportation—William Kirk, J. W. Carroll, L. Beigel.

Reception—George S. Might, C. Umbel, Frank McClure, L. R. Bedsworth, J. D. Berryman, Frank Riva, L. Collins, S. L. Woodward, George Wagner, George Bailey.

The stores will be closed on the date of the picnic, and it will be observed as a holiday in Charleroi. The merchants picnic is always an affair of unusual interest, and this year's will be no exception if the plans are carried out. The sports committee will go to work at once to arrange a program for the day. In all probability the athletic events will be practically the same as last year.

### A Correction.

In the article yesterday concerning the passing of forged checks on Charleroi merchants the first of the week by a Pittsburg, the Mail was in error when it stated the checks were drawn on the Bank of Charleroi. They were drawn on the Charleroi Savings and Trust company, where the forgery was discovered, after one of the checks had been deposited in the Bank of Charleroi.

Misses Grace and Nevada Iams, teachers in the Charleroi schools last year, are sojourning in California at the present time.

## MERCHANTS APPOINT COMMITTEE TO LOOK UP VALLEY FAIR BUSINESS

Will Confer with Committee from Baseball Men in Regards to Holding of Affair Here.

The matter of a Valley Fair, which is a committee of the guarantors of the no wise resemble the cheap carnivals defunct baseball team propose to hold, which invade the valley towns, during the summer.

The committee appointed consists of the following men: William Kirk, committee appointed to confer with L. Beigel, George J. Vetter, J. W. the one from the Charleroi Athletic Club and N. Greenberg.

Association in regard to arranging a date and also one for a meeting of the Merchants Association for the citizens of the town. The plans as outlined are to allow the merchants to and local people have all concessions, the effect that everything was in good the benefits to go towards settling the shape, and that the grounds will be debt accrued by the Baseball Association. Entertainments will be brought here after the manner of a street of this auxiliary and William Kirk is fair, but these will be of a higher secretary and treasurer.

### SEVENTY-EIGHT CASES FOR CRIMINAL COURT

There are 78 cases on the August term criminal court docket. In 24 cases the defendants have entered pleas of guilty and received sentences. Most of the cases are of a petty nature.

There is one homicide case on the list, that of Tony Gula, charged with the murder of Frank Rossa, at Monongahela on May 1. The case was placed on the May term calendar, but was continued to the August term.

## DEDICATION OF CHURCH AT MONESSEN

Charleroi People will Assist in Services to be Held Sunday.

The new and handsome church of the Christian congregation of Monessen will be dedicated on Sunday. The building has been in the course of erection for some months, and had only recently been finished. It is on Sixth street between Donner and Schoonmaker avenues.

The sermons at morning, afternoon and evening services will be by Rev. T. E. Cramblett, president of Bethany college. The morning service will not be much out of the ordinary. The afternoon service will be given over to visiting ministers. For this the choir of the Charleroi Christian church is in charge of the music. Short addresses will be made by visiting ministers.

Music will be a special feature at the evening exercises. This service will witness the dedication proper, President Cramblett to present the edifice to the congregation. The acceptance will be by the pastor, Rev. Norman Phillips.

Rev. H. C. Boblitt of the Charleroi Christian church will assist in the afternoon and evening services.

## BOOM FOR PLACE ON RIVERS COMMITTEE

A dispatch from Washington says that as the time for the meeting of the committees for the House approaches pressure is being brought to bear upon Speaker Cannon to name a representative from Western Pennsylvania as a member of the rivers and harbors committee to take the place of former Representative E. F. Acheson. The names of Representatives Graham, Cooper and Tener are being laid before the speaker for the vacancy on the committee.

The friends of Mr. Tener are urging his candidacy on the grounds that it belongs to this particular district.

Rev. and Mrs. A. M. Doak and children have returned from a two weeks' visit at Franklin Springs, Beaver county with the former's parents.

George S. Might. Underbids Pittsburg Man for School Material.

### TEACHER FOR HIGH SCHOOL

One Vacancy Filled at Directors Meeting Last Night—New Copy Books.

The contract for supplies for the coming year of the public schools was awarded to George S. Might, at the regular adjourned meeting of the Charleroi school board last night. The only other bidder was Johnson and company of Pittsburg. There was little difference in the bids, Mr. Might having but a slight advantage.

Miss Mary Walters of Meadville was elected to the position of teacher in the High School. The matter of the election of the Fifth street principal was not even discussed. While there have been several applicants for the position, none were suitable, and the board accordingly has not acted on the matter. It is probable that some time in the near future the vacancy will be filled.

Hilton's arithmetics were selected for use in the grades, and the Economic system of penmanship was chosen. This system is an improvement over the old system. With this there are no copy books but a card, to which there are attached small strips of paper bearing the various copies that are used. In pockets it the board the blank and used paper may be placed.

## DEMOCRATS WANT BASEBALL GAME

A special from Washington D. C., to the Pittsburg Gazette Times today says that having been worsted in the tariff game by a score of 178 to 151, the Democrats immediately demanded satisfaction on the ball field. The challenge was at once accepted and this historic struggle for baseball supremacy between the two great parties will take place Monday at the American League park. One of the specifications is that all "insurgents" will be excluded. Only straight Democrats and Republicans will be entitled to don uniforms and the issue will be clearly drawn.

In making arrangements for the contest, Speaker Cannon announced Representatives Tener of Pennsylvania and Denby of Michigan as the Republican battery. The Democrats, true to their traditions, have filed an objection to Tener, on the grounds of professionalism. The big six-footer from Pennsylvania was a member of "Pop" Anson's globe trotters, and if he so desired could sign with almost any major league team in the country.

### Juvenile Court Report.

The following is the juvenile court report for the month of June: Number of cases under the care of the court on June 1, 309; new cases, 7; placed on report, 77; closed cases on July 1, 306; court hearings, 2; number of children in court, 9; cases out of court, 1; calls made, 66; calls received, 99; reports received, 101; letters written, 40; cared for in detention room, 5.

## AFTER SUFFERING ONE YEAR

Cured by Lydia E. Pinkham's Vegetable Compound

Milwaukee, Wis. — "Lydia E. Pinkham's Vegetable Compound has made me a well woman, and I would like to tell the whole world of it. I suffered from female trouble and fearful pain in my back. I had the best doctors and they all decided that I had a tumor in addition to my female trouble, and advised an operation. Lydia E. Pinkham's Vegetable Compound made me a well woman and I have no more backache. I hope I can help others by telling them what Lydia E. Pinkham's Vegetable Compound has done for me." — MRS. EMMA LEE, 502 FALLOWFIELD AVE., MILWAUKEE, WIS.

The above is only one of the thousands of grateful letters which are constantly being received by the Pinkham Medicine Company, 100 North Mass., which prove beyond a doubt that Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, actually does cure these obstinate diseases of women after all other means have failed, and that every such suffering woman owes it to herself to at least give Lydia E. Pinkham's Vegetable Compound a trial before submitting to an operation, or giving up hope of recovery.

Mrs. Pinkham, of Lynn, Mass., invites all sick women to write her for advice. She has guided thousands to health and her advice is free.

To the sick—the suffering—to every man, woman and child, afflicted with organic disease—local trouble or broken general health—this is the kind of free treatment is given in the absolute faith and sincerity that they can and will stop disease, cure it and lift you up again to health and vigor. There is no reason why you should not get well if you will only bring your self to take the free test treatment of these wonderful remedies, no matter what your doubts may be.

I want the Doubters

I want to give them the proof—the evidence and the glory of new life in their own bodies—and I want to put the cost of this proof—all of it—to the very sick.

I have put my life into this work—I hold the record of thousands of cures and there is no reason why they should not cure you—make you well—and bring you back to health and the joy of living.

Will you let me do this for you?—I will let you prove it—brother and sister sufferers? Are you willing to trust a master physician who not only makes this offer, but publishes it, and then sends the best and most of his remedies without a penny of cost to any one except himself?

Send your name, your Post Office address and a description of your condition, and I will do my utmost to satisfy every doubt you have or can have that these remedies will save your life and make it all that nature meant to make it. Let me make you well. Give me your name and tell me how you feel, and the proof treatment is yours, at my cost. No bills of any kind—no papers—nothing but an absolute good will and good faith. DR. J. A. W. KID, 300 W. 1st St., Kid Building, Fort Wayne, Ind.

NOTE—We know nearly Dr. Kid and know that his methods and his offer are exactly as represented in every respect. Our readers should take advantage of Dr. Kid's generous offer.

### Monday's Game:

Methodist vs. Episcopal.

The Lutherans annexed another victory last night in their game with the Methodists in the church league. It was Lutheran nearly all the way through, the M. E.'s only getting one good chance to score, this being in the fourth. They took advantage of this and gleamed one run.

Miller was at his best for the Lutherans and the Black Bats bitterly complained that he wouldn't let them hit the blamed horsehide. He had 11 strike outs, and allowed but 4 hits, three of these coming in the fourth when the runs were scored.

The Lutherans scored once in the second inning, when Swearingen was batted. After Cupp was out at first Pieper slammed the ball for two bases, bringing Swearingen in. Four came in the fourth. Balza proceeded to nearly knock the cover off the ball, and went the rounds. After Pieper was out, Dunmire hit and went to second and third on a wild throw of Mason to second, while Dorbitz was safe on a fielder's choice. Wertz got on when Barnett dropped the third strike, and Stech was walked. In the meantime Dunmire scored on a passed ball. With the bases full Miller laced out for two sacks, and Dorbitz and Wertz voted.

The Black Bats got theirs when Mason cracked for a base, followed by

Reese who singled. Mitchell walked and Waggoner singled bringing in Mason. The score:

### Donora.

One lone base ball game marked the observance of Fourth of July in Donora. It was safe and sane enough to satisfy the need of a variety of sports.

The Commercial Club, which is composed largely of the business men of Donora and Webster, has made itself sponsor for a number of projects and improvements looking to the betterment of the community. Among

the projects to be looked after are the Webster-Monessen road, trolley connections with Monongahela, a public fountain and better postal facilities.

Two of Donora's banks have declared dividends on their capital stock from earnings of the first six months of 1909. The Bank of Donora paid 2 per cent on its capital of \$100,000, and added the balance of earnings to its surplus fund. The First National bank paid a dividend of 4 per cent and placed \$2,000 to account of undivided profits.

Burgees Spragg's report for June showed that he had conducted 57 hearings during the month and had turned over to the borough treasurer fines amounting to \$111.00.

The borough has been asked to waive whatever rights it has to the road now running from the foot of Eighth street to the river by passing an ordinance vacating that thoroughfare as a public highway. In exchange the borough is offered some other piece of ground, with privileges of room for wharfage. The request comes from the American Steel and Wire company, which concern wishes to utilize the ground now used for a road to the ferry for additions to the present plant of the company.

Council has agreed that it cannot agree on a proposed municipal building and has decided to drop the subject entirely for a few months.

The board of directors of the Standard Real Estate company held their quarterly meeting Tuesday, July 6th. The usual 3rd semi-annual dividend was declared and a substantial surplus reported.

### Too Pressing.

trip, major? How did you like the savages?"  
"Oh, they were extremely kind hearted. They wanted to keep me there for a while."—London Opinion.  
Advantage is a better soldier than rashness.—Shakespeare.

## In the Interest of Good Eyes.

A noted oculist advises against using the eyes immediately after waking; therefore the habit of many young girls of reading or studying in bed is injurious. It is harmful to use the eyes when sleep, as it is a great strain upon the muscles. If one must read or write when drowsy, rise occasionally and bathe the eyes with hot or cold water. Remember that a quick change from a dark room to a brilliant light is a strain upon the eyes.—New York Press.

## The Prayer He Didn't Make.

In a certain parish near Dumfries a newly made elder was summoned to the sickbed of a parishioner. Being naturally a bashful man, he was in great anxiety as to the "prayer he was to make" and wished to avoid going altogether. At length he was persuaded by his wife and started on his errand. On his return his wife greeted him with the query: "And how did ye get on, William?" "Oh, grand! He was dead!"—Dundee Advertiser.

## HIS FIRST RECOGNITION.

The Turning Point in the Career of Nathaniel Hawthorne.

The first reading of "The Scarlet Letter" has been told in T. W. Higginson's book of essays, "Contemporaries." The reading was given to the author's dearest critic, his wife. During the entire winter when he was at work upon the book he seemed oppressed by some secret anxiety.

"There was a knot in his forehead all the time," said Mrs. Hawthorne. Finally one evening he went to her and said that he had written something which he would like to read aloud. The work amounted to very little, but still he would like to read it.

All that evening he read, out as the romance was finished at bedtime his wife made no comment, knowing that he disliked criticism until one had heard the whole.

The next night he read again, and now his suspense grew so unendurable that in the midst of a morning

service she came to her low stool in the floor, pressed her hands to her ears and declared that she could not bear to hear it.

Hawthorne put down the manuscript and looked at her in amazement. "Do you really feel it so much?" he asked. "Then there must be something in it."

The next day the manuscript was delivered to the publisher, and on the following morning James T. Fields, the publisher, appeared at the author's door. When he was admitted he caught the little boy of the family in his arms and asked, "You splendid little fellow, do you know what a father you have?"

He had sat up all night to read the manuscript and had posted out to Salem in the early morning. After his interview with the publisher Hawthorne came downstairs with a firm step and walked about his face illumined by new hope and vigor. The world had found him out. Recognition was at the door.

## Not Since the Flood.

Sir Henry Irving once received what he at the time considered a very palpable snub, delivered him by a highlander. While touring in Scotland the actor visited some of the notable traditional scenes associated with Shakespearean drama. As a matter of course one of the first pilgrimages was to the blasted heath where Macbeth met the witches. In an agreeable mood Sir Henry as they drove along turned smilingly to his driver.

"Are there any witches about now?" he asked.

The driver whipped up his horses. "Not since the flood," he replied in his curt Scots way.

## Pitch and Toss.

The professor happened in at the doctor's the other morning and found him polishing the belongings on the sideboard.

"Improving the shining hours, are they?"

"No, sir," replied the doctor. "I'm improving the shining evers."

"Hum!" ejaculated the professor. "Whose are they?"

"They're ours."

"Well, isn't that what I said?"—Chicago Tribune.

How He Kept His Clothes Dry.  
Among a large shooting party on a northern grouse moor was a certain elderly professor whose skill with his gun was hardly equal to the profundity of his intellect. Suddenly a heavy storm of rain came on, and as there was no shelter on the moor the shooters got thoroughly drenched through. At least all but one suffered—the professor. He had mysteriously disappeared when the rain came on, and he did not rejoin the party until the sun was shining once more. To the amazement of the others the erudite one was as dry as a bone. The others, drenched and disgusted, inquired of him how it was he had escaped a wetting. "Directly the rain came on," replied the professor, "I went off by myself, stripped off my clothing and sat on them until the storm was over."—London Telegraph.

### Big Changes For Banola.

There promises to be great activity in the neighborhood of Banola, just below Monongahela, and across the river, during the present summer. It is said the Pittsburgh and Lake Erie railroad company will begin next week on the work of straightening their tracks at that point, with a view of making a change of location of the road bed through the Wallace farm, now owned by the Steel Corporation. The change will require about seven acres of land, which will be taken from the Peterson holdings, and to indemnify whom the railroad company has already filed a bond of \$70,000 to protect them from any damages.
